

Concrete Atlantic béton Atlantique

Producer & Associate Membership 2027

About us

The purpose of this Association is to unite persons, firms and corporations related to the production of ready mixed concrete in the Atlantic Provinces, in a non-profit association to:

- promote and encourage the use and consumption of the products of the industry in the market area of this Association;
- establish and maintain the highest standards of business practices, customs and usage among its members; and
- promote and encourage the exchange of ideas and information relative to production and use of ready mixed concrete.

Concrete Atlantic is governed by a Board of Directors from within the industry, which represents small and large companies reaching all parts of the Atlantic Provinces.

The Association is active in a number of areas of the industry including environmental stewardship, education and training of our clients, new concrete and admixture technologies and ongoing partnerships with many industry partners.

Membership

Membership has its benefits!

Concrete Producer membership may be granted to such companies engaged in the manufacture of concrete. Member dues are based on concrete production the previous year.

INITIATION FEE

Fifty percent (50%) of current annual membership dues shall be paid as an initiation fee, plus current annual membership dues. The initiation fee is paid one time only, for producers joining ACA for the first time, or for producers who have at sometime in the past opted to leave ACA, but who wish to reinstate their membership.

PLANT CERTIFICATION FEE

Members should note that a plant certification assessment of *$475.00 per plant, plus $25.00 per ready mix truck will be invoiced after plants are re-inspected under the ACA Concrete Production Facilities Certification Program. Inspection of plants is carried out for new producer members in each of the first four years, then every second year.

Please note: The amount is based on a cost recovery for rural plants.

***Remote Locations are based on a cost recovery pricing. Please contact the ACA office for more information.**

MEMBER MOBILE MIX (VOLUMETRIC) CONCRETE PRODUCTION FACILITIES

Mobile Mix (Volumetric) Concrete Production Facilities Members should note that a Mobile Mix (Volumetric) certification assessment is carried out on a cost recovery basis only and will be invoiced after inspection is complete under the ACA Concrete Production Facilities Certification Program. Inspections are carried out for new producer members in each of the first four years, then every second year.

ASSOCIATE MEMBERSHIP

The Atlantic Concrete Association provides several fun and educational opportunities a year for members to network with fellow industry members and their clients.
